**Subject:** Re: update on samples

To my knowledge nobody at R3 has spoken to him. His contact info at the school is:

Scott Simonton

Hi Carolyn,

Has anyone been able to get in touch with the Marshall scientist yet?

Surface water sampling includes-  
Drainage on site—there are trenches upgradient and downgradient of site, sampling is in the surface water runoff into trench.

Are these samples coming directly from the tank or groundwater surrounding?

Hi Laura,

Some additional info. from EPA R3-

The facility's remediation consultant, CEC, collected two surface water samples on January 29, 2014. EPA, WVDEP, and plaintiff representatives collected split samples. EPA's split samples were shipped to the Region 3 Lab for Trace VOC and MCHM/PPH analysis. CEC plans on re-developing monitor wells onsite to facilitate collection of groundwater samples, which should occur on Monday, February 3, 2014.
